

Super modern, sharp lines and a sloping mono-pitch roof, this home cuts through average! Inside, there are four bedrooms, two bathrooms, a large pantry and a built-in fireplace. Metal powder-coated cladding and brick veneer makes for a low-maintenance finish. A nice feature is the bathroom's private garden lookout, where you can install a water feature, maple or palm to take your bath time to the next level!

Floor Area: 192m²
